

Super Screen™ **Pet Guard™** utilizes the same specially formulated extrusion process of Super Screen™. This advanced process allows Super Screen™ Pet Guard™ to outlast fiber glass screen while its **advanced polymer formula defies deterioration**. All products in the Super Screen™ family have the same UV resistant properties. Unlike the primitive process used in the fiberglass screen that allows the screen to flake and deteriorate. This cutting-edge extrusion process will help **prevent fading and deterioration** while **maintaining the unique strength and luster**.

Super Screen™ Pet Guard™ is both certified as Green Guard and Green Guard Gold certifying it to be **lead-free, formaldehyde free and Phthalate free** allowing a **safe environment for your pets and family**. All Super Screen™ products are manufactured to be **Antifungal** in order to help restrict the growth of mold and mildew.

With over **45 years of experience** serving the screening industry with **Safe, Strong revolutionary products** we are excited to announce our new product Super Screen™ Pet Guard™. Designed to be **Stronger than even Super Screen™** at keeping our furry loved ones safe with its **Superior Durability** and **Carcinogen Free** proprieties.

Protect yourself from imposters and imitators. **Look for the Gold Seal** on your warranty card and the **Gold Thread** on your Super Screen™ Pet Guard™ and ensure you're getting authentic Super Screen™ Pet Guard™ **built to last and last**.

At Super Screen™ we strive to bring you **SAFE, STRONG, DURABLE & Long-Lasting Protection** so that you do not have to worry about screening again.

SUPER SCREEN™ PET GUARD™

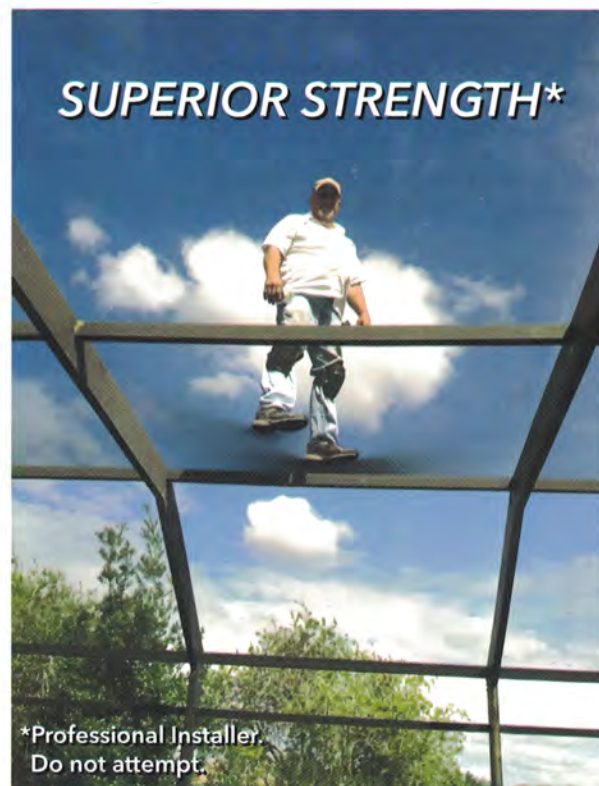

NEWEST TECHNOLOGY IN SCREENING.

Common uses for Super Screen™ Pet Guard™ are anywhere you are worried about your **household pet escaping** or **having to repair or replace damage** (i.e., screen doors, screen porches, lower part of screen enclosure and anywhere else you are looking for maximum screen protection while allowing excellent airflow).

Other possible uses for Super Screen™ Pet Guard™ - **gardening** to help keep unwanted pests out, **hail screen**, **golf ball screen**, **debris screen**, anywhere else you need a strong durable screening fabric.

Super Screen™ Pet Guard™ carries a **10 year limited warranty**.

SUPER-SCREEN™ PET GUARD™ MEETS ALL "GREEN GUARD GOLD SAFETY STANDARDS" Super-Screen™ Pet Guard™ passes as lead free, phthalate free and meets all "**Green Guard Gold**" safety standards, ensuring our products are **free from harmful volatile organic compounds (VOC's)** and **safe for you and your family**.

Technical Data Super-Screen™ Pet Guard™

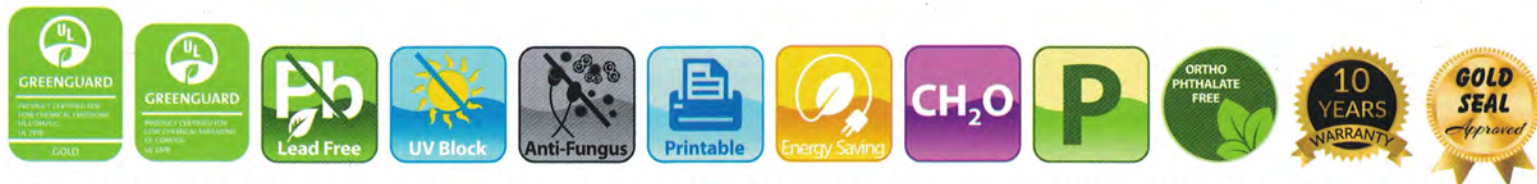

***These results are from a single sample test.**

Composition: 30% PES 70% PVC

Fabric Thickness: .0335"

Yarn Diameter: .025"

ATTRIBUTE	ASTM	WARP	FILL	TYPICAL
Construction - 1000 denier polyester PVC coating		15	12	yarns per inch
Weight	-	-	-	14.32 OSY
Tensile Strength (Strip), lbf	D5035-11	475.6	357.5	-
Tear Strength (Trapezoidal), lbf	D2261-13	163.7	173.6	-
Elongation %	D5035-95	37.3	41.5	-
Abrasion Resistance (CS10/500 cycles/with no added weight)	D3884-09(2013)	No exposure of core yarn (Exceed 500)		-
Weatherability, 1200 hours	G154-06	No Discoloration		-
Mildew Resistance	G21-96	No Growth		-
Ball Burst - ASTM D 3787: 436 lbf.	Sizes: 36" - 48" - 60" - 72" - 84"
